Flexible and reliable SIP services for business

## Business VoIP with SIP Trunking

Thousands of businesses across the nation have chosen Bandwidth.com's SIP Trunking to deliver their daily voice communications. For many customers, the key benefit of switching to VoIP technology is the savings on their telecom bill. But with the business critical nature of voice service, many businesses are concerned about the reliability and quality of VoIP services. **That's why Bandwidth.com built our VoIP service to be a trusted part of our customers' businesses.**

Bandwidth.com has built the first, next-generation, **nationwide network that is purpose-built for VoIP.** And, as a nationwide CLEC (competitive local exchange carrier), Bandwidth.com can offer **local phone service virtually anywhere in the US** (over 300 markets served, and growing). We stand behind our network and SIP Trunking quality with a **24/7/365 US-based support organization**, backed by an in-house team of experienced telecom engineers.

Build your business on a strong foundation of Bandwidth.com SIP Trunking today, and enjoy savings of 40% or more over traditional phone service.
